Parents accept challenge

GOONDIWINDI. — Local parents have risen to the challenge given by the Education Minister (Mr. Pizzey) at the State Rural School 1960 speech night.

Mr. Pizzey then promised "a brand new high school for Goondiwindi" when secondary enrolments reached 100, provided 10 students were prepared to continue to Senior examination level.

Goondiwindi began the 1961 school year with 101 secondary enrolments and this week parents told the head teacher (Mr. A. Greenwood) that 19 students were prepared to go on to Senior level next year.

Footnote. — Goondiwindi secondary department is a "high school top" attached to the State primary schools. It opened in 1953 with nine pupils.
